

NAATS HQ E-Mail Update Vol. 5 #40
June 30, 2005

GREAT NEWS!!!! The amendment to FAA appropriations bill has passed with a vote of 238-177. My heartfelt thanks to all who kicked in to help, especially to Mike Sheldon and the folks at BTV that got the ball rolling with Congressman Saunders. We had the support of 48 Republicans, which is huge.

Now on to the Senate, Wally will have an update to let you know what the plan is and where we may need some help.

I'll have more as we sort things out, but for now enjoy the win. This should send a strong message that we are not giving up and the politicians are sick and tired of being lied to.

More to come.
