

NAATS HQ E-Mail Update Vol. 5 #47
July 18, 2005

Just got off the phone with Jim Washington, and you can expect to start receiving your RIF notices this Friday July 22, 2005. It was my hope that you would not have to get these notices, but the process marches on. Please try and remember that these notices are a notice of a proposed action, it is not something that is cast in stone.

Still no decision from the Administrator.

Hoping to have news from the Senate tomorrow, will advise.
