

NAATS HQ E-Mail Update Vol. 5 #67
November 10, 2005

Nothing new on the Congressional Conference.

Nothing new on the NLRB ruling.

Pay issues-There are several problems with peoples pay out of annual leave/sick leave/severance pay. I am trying to track down some information for you all through Ms. Gibson. If she can shed any light on when the corrections will be made I'll pass it along.

Understand this agency is one of the most dysfunctional in the government and not only did they do one of the largest RIFs they did it right when they were turning over to a new pay system. Those that have been surprised that their money isn't right, slap yourself! We are also aware that the agency took out Union Dues, NAATS did not do this, the agency screwed this up as well. We will make it right as soon as Denise can figure out the new pay reports coming in and who paid and who didn't. We want to let the dust settle and issue only one rebate check, we will then go after the agency for costs associated with the rebates.

More in the next day or two.
